

Want to get rid of industrial scrap?

*Looking for industrial scrap?*

Discover a new *FREE* on-line tool to advertise industrial scrap materials that are available or needed!

The Georgia Industrial Materials Exchange allows Georgia companies, institutions, commercial entities, or businesses to post their unwanted materials. "Materials Wanted" postings may be made by entities operating anywhere. Anyone may search this site without registering.

**Registration is required, however, in order to post a listing.** Registration is only required once, allowing you to return to the site to manage your existing listings or post a new listing. To get started, look on the back of this for some tips.

**ScrapMatchGA.org**  
"It's like an online dating service for industrial scrap materials!"
